

## SECURE REMOTE CAM

### Keeping an eye on things while you're away

If you want to know what goes on around your diesel tanks, game bird pens, fish ponds, plant areas or property when your back is turned, this fantastic little camera could be the answer.

With 1080p hi-def and up to 12mega pixel image capabilities this little gem will take pictures day or night using its infrared led's and has the ability to send you back texts/images or store them on a mini SD card (up to 32gb).

Colour photos and video are taken in daylight, but when there is insufficient light it switches to infrared (monochrome) photos and video. A timer can be set for specific times.

Easy to use, there is a 2.0" colour LCD display on the camera to review images. The unit supports a variety of networking protocols including MMS /SMTP/SMS/E-mail via GPRS Network and comes complete with a remote control and a laser to aim exactly where required.

Suitable for inside and outside the unit is resistant to rain, snow and high temperatures. A compact easy to hide camouflaged case that you can secure it to a tree, hide in bushes, on a stake or in a discrete place, let it do all the detective work for you.

This amazing 4xAA battery powered camera can also use 6v direct power access from external supplies including solar panels (not supplied) to extend the lifetime of its batteries.

Contact us today for more details and your exact specifications and we help you keep an eye on what's yours!

## Technical Specifications

### SecureRemoteCamera

Image Sensor:	5MP Color CMOS
Lens:	F=3.0mm, FOV ( Field of View ) = 60°
IR-Flash:	65feet / 20m
Control Display:	2" LCD
Ext. Memory Card:	From 20MB to 32GB ( Not included )
Picture Resolution:	12MP=4032x3024, 8MP=3264x2448, 5MP=2560x1920
Video Resolution:	1080P ( 25fps ), 720P ( 25fps ), VGA ( 30fps )
PIR Sensor:	Multi Zone
PIR Sensitivity:	Adjustable ( High/Normal/Low )
Trigger Time:	1.1s
Weight:	Approx 300g ( Without battery )
Operation/Storage Temp:	-20° ~ 60° / -30° ~ 70°
Delay:	0s~60min. Programmable
Operation Mode:	Camera, Video, Camera & Video
Video Length:	1s ~ 90s
Power Supply:	8xAA or 4xAAA battery stand-by Current <0.25mA ( <6mAh/Day )
Low Battery Alert:	LED Indicator
User Interface:	Control with LCD display
Mounting:	Rope/Belt/Python lock
Operation Humidity:	5% ~ 95%
Security Authentication:	FCC, CE, RoHS

There are four battery slots with the batteries forming 2 individual banks.

#### PACKAGE CONTENTS INCLUDE

1 X Digital Camera 1 X Wireless Remote Control 1 X Antenna 1 X USB Cable 1 X TV Cable 1 X Belt 1 X CD Manual
